“

We say we are enriched
by a purpose.

OUR PURPOSE

The foundation is a trusted partner of Australian businesses, inspiring the corporate sector to give generously and wisely. We do this by creating two-way opportunities for children and youth to fulfil their potential and for businesses and their employees to do the same. We listen to communities and work side-by-side with them, funding unique and life changing projects that deliver positive educational and economic outcomes for children and youth.

OUR VISION

A world where businesses are generous and children realise their potential.

OUR MISSION

To create opportunities for people to improve their own lives, positively impacting communities and businesses. We exist quite simply to enrich lives.

FIVE ACHIEVEMENTS WE ARE PROUD OF

- 1 **\$1M** raised and invested by Adelaide businesses and their employees for projects in Adelaide and Uganda delivering positive educational and economic benefits for children, their families and communities.
- 2 A decade of **engaging business employees** (**100+** in 2015-2016) with hands-on volunteering projects, resulting in improved staff engagement and more socially conscious businesses who are better able to serve their clients and customers.
- 3 Over **500 disadvantaged students** from primary and secondary schools in Adelaide region engaged, inspired and mentored through unique programs delivered as a collaboration between community service providers and corporate volunteers.
- 4 **10 South Australian families** in need directly assisted through disaster recovery clean-up after Pinery fires and new home building programs, funding provided to train unemployed youth in construction trade.
- 5 Significant and life-changing infrastructure investment in Uganda: 3 schools, 1 ablution block, and a maternity hospital theatre. These directly benefit approximately **3,000 orphans**, many whom have lost their parents due to HIV/AIDS.

Design and production kindly donated

UGANDA PROJECTS

KKOBA COMMUNITY PROJECT

- Improving economic, education and social conditions of children and their families in this community of 2,100 people
- Funding used to build a new school, run community workshops and purchase seeds for crops

JR. LANDCARE PROJECT

- Creating opportunities for children through education and practice of sustainable land and water management
- Funding covers building plant nurseries, installing rainwater tanks, and conducting training for teachers and community leaders in 4 schools/400 children

ADELAIDE PROJECTS

NORTHERN OPPORTUNITIES PROJECT

- Providing scholarships and other support to high school students from low socio-economical areas in the northern suburbs
- Corporate volunteers support scholarship recipients by serving as mentors and hosting career workshops and traineeships

DRUMBEAT PROJECT

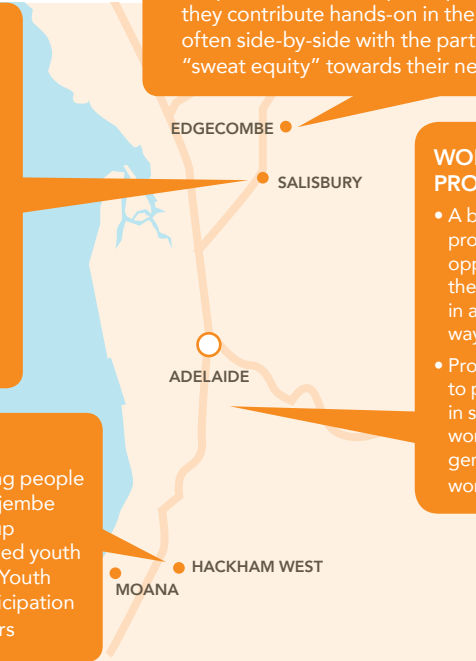

- Drumbeat engages young people through drumming on Djembe Drums and through group discussions led by a trained youth worker from Re-Engage Youth Services with active participation from corporate volunteers

BUILDING PROJECT

- The Foundation works with Corporate Partners and Habitat for Humanity to help low income families purchase a safe and secure home environment by providing financial assistance and volunteer support
- Corporate volunteers participate in build days where they contribute hands-on in the building of each home, often side-by-side with the partner family who put in "sweat equity" towards their new home

WORK INSPIRATION PROJECT

- A business-led initiative that provides young people with opportunities to experience the world of work first hand in a meaningful and inspiring way
- Provides a way for employers to play a valuable role in shaping their future workforce – and the next generation of Australian workers
